A day at Aviation Camps of the Carolinas will include aviators from many industries, such as military, law enforcement, and medevac. There are ground careers such as Aviation rescue, Air Traffic Control, Aircraft Maintenance and more. The camp also features briefings from Young Eagles, Civil Air Patrol, new pilots and seasoned pilots. Brenda gets calls every day from aviation experts who want to be presenters at this camp. But each presenter only gets 15 minutes. The day is crazy busy.
