This event is part of a series of forums offered to parents for the last several years. We are **pleading** to parents to become actively engaged in their child's education. There is also a Special Call to Action for the Community to become actively engaged. Parental Engagement is key to success for Every Student Succeeds Act. (ESSA) This Education Law promises to advance equity by upholding critical protections for America's disadvantaged high-need children of color. An overview of ESSA Education Federal Law will be discussed along with other sessions. **Parent Forums are free to Parents. Please show your support with a donation using the Funding Form attached. Please spread the word that TV Judge Glenda Hatchett is the Keynote Speaker! The Community must show up to share solutions to help the 39 percent children of color who aren't reading on grade level!**

Sign up today for this Forum and pass the word on to other parents. We know that parents want the best for their children. In order to help your child, you must be educated on the laws and resources that will assist you along the way. Our focus is Literacy (Reading), the basic foundation for everyday life. **This forum will be a great resource for you and your family! Sign up today!**
