

The *Literacy & Math* Summer Camp For Rising 5th-8th Graders (Enrolling Now)

Facilitated by ...
Mr. Four-Word: Thornton Howard III
Educator/Author/Speaker

- Campers will spend 8-weeks enjoying fun and educational field trips while building essential *vocabulary, critical thinking,* and *interpersonal communication skills.*
- Daily activities will promote *character* and *personal responsibility* to help middle school students achieve both social/emotional and academic success for the upcoming school year!
- Each week, participants in the Literacy & Math Summer Camp will undergo at least 8 hours of interactive instruction in *math* (*mathematical computation/problem solving activities*) and in *literacy* (*vocabulary/note taking/writing construction*).
- Students will produce their own *Problem Solving Success Guide* to use throughout the summer and start of the school year.

Fees: - \$75 Weekly

(Covers all materials, meals, events, and field trips)
(\$10 off rate for first week if registered by June 1)

- \$15 Registration

(Due at registration to pay for books and supplies.)

Middle school is a pivotal time in a young person's life ...

- *The Literacy & Math Summer Camp* will help your middle schooler develop the competency, confidence, and core learning skills necessary to effectively navigate their adolescent world.
- Campers will spend 8-weeks enjoying fun and educational field trips while building essential *vocabulary*, *critical thinking*, and *interpersonal communication skills* in the areas of Literacy and Math.
- An experienced staff of teachers and facilitators will engage your child(ren) in daily lessons and activities that promote *character* and *personal responsibility* in an intentional and interactive manner.

Our goal is to help all our campers achieve personal growth and academic success for the upcoming school year!
