The BPC is a non-partisan community based political action committee committed to informing and educating the community on the

importance of taking part in the political process. We encourage all voters to be informed by studying the merits of issues, as well as the character and platform of each candidate.

The success of our Republic is dependent on "*the people*" actively engaging and selecting representatives to serve them. We are thankful for all who offer themselves for elected office. Especially those candidates and "*the people*" who took the time to participate in our forums.

All primary candidates were invited to participate in forums that were open to the public. The BPC membership voted for on endorsements on Sunday, August 18, 2013.
