

TAKE CHARGE OF YOUR EDUCATION!

*Is it hard for you to finish high school or are you falling behind in credits? **Enough of the drama!***

Take charge of your education – raise your GPA and catch up on the credits you need to graduate.

Come to our school and take a tour. See it for yourself, then talk to an enrollment specialist.

After you enroll, we'll work with you to create your personalized academic plan to graduate, and immediately set you up to start earning credits at your own pace.

Courses are computer-based to help you focus and track your progress, and our certified teachers provide individualized support.

A REAL HIGH SCHOOL DIPLOMA

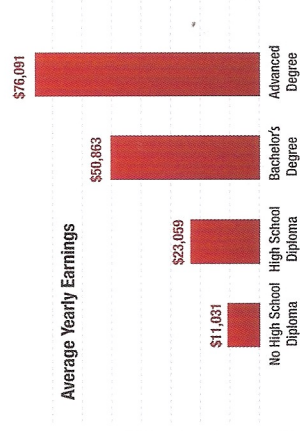

Our diploma is the same as the diploma awarded to other high school graduates in your school district. Both meet the requirements of the school district and the state.

With your high school diploma, you have more choices for college, employment and a successful career. You'll also earn more than a high school dropout*, and be in a much better position to take control of your future.

We help all of our students plan their next steps after high school. College, employment, military service and volunteer commitments are all options. We will help you achieve the one that fits best with your objectives.

So come see the start of your new future without the distractions and drama of a typical high school. We'll help you earn your diploma your way and move you forward, but it's up to you to take the first step.

Earn up to \$20,000 per year more with your High School Diploma

*"Left Behind in America: The Nation's Dropout Crisis," Center for Labor Market Studies, Northeastern University, May 2009

ABOUT OUR HIGH SCHOOL

We are a public high school that operates sessions in the morning and afternoon. We give students the choice to enroll in the four hour session that best fits their personal schedule so they have the flexibility to earn a quality education and work, care for family, or manage other commitments.

Our high school is for ages 16-21. There is no cost to attend. All programs are free.

What Students Say About the Program

"When I started I had nine credits and a GPA of 1.9. When I finished seven months later I had 24 credits and a GPA of 2.6. I reached my goal in March 2013!"
— Anastasia

"I was not doing what I needed to do to be successful in life. Enrolling in this high school program has changed my life and I now realize how important my high school diploma is to me."
— Pablo

"The reason I came to this school is that it was my window of opportunity. The support they gave me came at a time in my life when I needed to know that I could accomplish anything I put my mind to."
— Erica
