Thank you. That provision could be removed.

**Importance:** High

I haven't had time to go through this in detail however one item I think is not legal (the removal of a Chair or Vice chair). State law mandates the term of office and I don't think it allows for a change during the year.

Marvin wrote a memo about it once I think but it was a long time ago.

**Subject:** Proposal for the election of chair and vice chair of the board

All, Last year, I expressed concern that the board has never established a written process for the election of chair and vice chair of the board. I have drafted a proposal that I would like to have all incoming board members review for consideration and discussion and I would like to add the item to our upcoming agenda. This proposal would not affect the upcoming selection of chair and vice because that process will have already taken place,

however if such a proposal was adopted, it would be effective at the time the chair and vice chair is selected in December, 2013. I would appreciate any feedback or recommendations for additions or deletions to this proposal. Additionally, I would like to have Marvin and staff review the proposal to ensure that it meets any requirements necessary for implementation.
