**Let your child spend summer days creating, expressing, collaborating and performing in a safe, engaging and fun environment!**

The Gantt Center offers your camper the experience of training with professional artists whose passion is working with children through the creative and performing arts. Your child will benefit from group art and performance classes and projects that will include painting, collage, batik, printmaking and more! It does not matter if your child is new to the arts or a veteran. Organized games and field trips are part of the package.

Designed for 7-12 year olds, campers will not only explore the museum, but explore visual arts, creative writing, movement and more.

To register your budding artist and creative thinker, choose a single session, or sign up for two different programs for a full week of camp. Supervised lunch time is available for students participating in two sessions. Please bring a lunch. We will provide water and snacks for full day campers.

Discounts are available for multiple sessions or if registering two children or more. Please contact the Education Department at (704) 547-3738 for more information.
