I was invited to come to a barber shop for a Thursday Presentation. I was given the address but I figured if it was a black barber shop that there must have been a new strip mall/stores built there, so I was not looking for the address. I would know when I got there when I saw something new on Oakdale.

Well when I got to Rozzelles Ferry Road and did not see it. I had to call back for the address. When I got back and saw a very nice black barber shop in the middle of Oakdale, I was more than surprised. I did let them know my surprise.

I have since been to a fundraiser, fish fry, there. Rex and his wife Shawanda let them use their facility to raise funds. Now the 2nd annual Taste of Oakdale.

And, Shawanda has put together a great concept on Gifting and raising funds and supporting black businesses.

Let us all support this event!

FUN FOR THE WHOLE FAMILY!
