

CLEAN AIR CAROLINA AND  
CATAWBA RIVERKEEPER® ALLIANCE

*presents*

## **Air Quality Workshop: Becoming a Local Leader**

*Hosted by Oaklawn Park Community Improvement Organization*

**July 6, 2015 @ 6:00 PM - 7:30 PM**

**Ivory Baker Recreation Center**

Special Guest Speaker:

**Dr. Cheryl Walker-McGill**

*Allergy and Asthma Specialist*

*President, American Health Strategy & Quality Institute*

---

**Dr. Walker-McGill** is currently an adjunct professor at the Wingate Graduate School of Business in Charlotte and serves as President of the North Carolina Medical Board. She has significant experience in clinical medicine, quality improvement, qualitative and quantitative research, physician education, and community health education.

Dr. Walker-McGill currently divides her time between her private consultative practice and consulting work developing and implementing strategies for improving access to and quality of respiratory care. She has authored articles on asthma, asthma and clinical trials and she has been published in peer review journals. Dr. Walker-McGill is a nationally recognized speaker and has been featured in *The American Medical Association News*, *The New York Times* and on ABC's *The View*.

---

**RSVP today: [bit.ly/westendleaders](http://bit.ly/westendleaders)**

The meeting will provide an overview of the health impacts of air pollution and specific disparities within local communities of color in Charlotte with the intent to educate, activate and develop voices for change from these communities. **William Hughes**, the President of Oaklawn Park Community Improvement Organization, has a passion for an improved quality of life for the residents of his neighborhood and the community at large. His partnership in this initiative will spearhead the effort to address air quality in all of our west end neighborhoods. *Free parking and light refreshments provided.*

**Meeting Location:**

Ivory Baker Recreation Center  
1920 Stroud Park Court  
Charlotte, NC 28206
