

CHARLOTTE
COMMUNITY
HEALTH
CLINIC

Charlotte Community Health Clinic
improves the health of the community
by providing quality, accessible health
services to low-income and uninsured
children and adults.

WHAT WE DO

Founded in 2000 by a group of
community volunteers, the Clinic offers
primary care, behavioral health services,
and health and wellness education for
pediatric and adult patients.

HOW WE DO IT

With the support of community partners,
healthcare providers, donors, and hundreds
of volunteers, the Clinic bridges the gap to
health and wellness for those without other
means of medical care.

*The Clinic's focus on **PREVENTIVE CARE** means we
save lives while also saving the community money.*

CONNECTING THOSE WHO CARE
WITH THOSE WHO NEED **CARE.**

A Bridge to Community Health

Did you know? Even with the Affordable Care Act, thousands of Charlotte residents remain uninsured. The Clinic helps our neighbors who fall through this healthcare “gap.”

DIVERSITY

The Clinic values the diversity reflected in our community. In fact, our patients speak 31 different languages and come from over 50 different countries.

SERVICES OFFERED

The Clinic promotes health and wellness by providing quality services and access to the following:

Primary & Chronic Disease Care

Acute Care

Women’s Care

Mental Health Services

Laboratory Services

Radiology Services
