I am a Native Charlottean. I am a businessman, not a politician.
I make tough decisions daily. I work within a budget. I earn a living.
I pay my taxes. I protect my family. I pray.

My primary focus as Your Charlotte City Council Member At-Large is **listen to all**, then "**ACT**" (Accountable & Accessible, Common Sense Economic Conservatism, Transparency & Trust) and **fight for Charlotteans**.

WE MANAGE THE BUDGET WITH COMMON SENSE ECONOMICS.
WE ELIMINATE WASTEFULL SPENDING.
WE REDUCE TAXES. WE CREATE JOBS.

By eliminating wasteful spending, we would not experience tax increases like our current Charlotte City Council decided on June 8, 2015 with a 7 to 4 vote. By reducing our taxes, this attracts increased economic development and global competitiveness (large corporations and small businesses) to locate and grow in Charlotte. This **CREATES JOBS**. This growth brings new taxpayers to Charlotte so **we can afford to invest in transportation, infrastructure, community safety and** (a County Commission Budget Item) **our schools**.
