Public Education: What Matters to You?

Thursday, August 27, 2015
8:00-9:30 a.m.

Novant Health/BB&T Bldg
108 Providence Road, Charlotte

RSVP to Shana Phillips at sphillips@mecked.org

As we enter an election season for three at-large seats on the Board of Education, join us for an intimate conversation about what matters most to *you* in public education.

Moderated by Natalie English of the Charlotte Chamber, and unlike MeckEd's typical community conversations, we are going to turn the tables this time. Rather than hearing from the Board of Education candidates, we are going to invite them to first hear from the community about what matters most in public education.
