Friday, Sept. 11, 2015

Dear Friend,

Thank you for subscribing to my e-newsletter. I am proud to represent the people of North Carolina's 12th District.

As your Representative, I will send you updates on my work in Washington and here at home. Since I took office in November, I have been working hard advocating for the issues that matter most to our communities.

I am honored to be your voice in Congress and look forward to continuing to serve you with pride, tenacity and integrity.

From the North Carolina House to the U.S. House, I have fought and will continue to fight for the people of our great State.

In Friendship,

## Legislative Action

Since November, I have introduced six pieces of legislation and co-sponsored more than 85 others.

**STEM Prep Act:** Creates a pipeline of qualified workers to fill the skills gap that exists for STEM jobs that don't require a four-year degree.

**Greensboro Four Resolution:** Recognizes the contribution of the Greensboro Four to the revitalization of the civil rights movement and to honor them as leaders.

**American Civil Rights Cities Act:** Directs the National Park Service to designate at least one city in the United States each year as an "American Civil Rights City" based on the city's contributions to protect civil rights history through museums and recognition of civil rights leaders.

**Women's History Month Resolution:** Recognizes women who have made great strides in improving the pathway to education for women in America, and acknowledges their contributions to advancing women's rights.

**Medical Device Tax Elimination Act:** Eliminates the medical device tax included in the Affordable Care Act (ACA) while keeping healthcare subsidies intact.

**Veterans Benefits Network Act:** Authorizes use of discretionary federal funding for public-private partnerships that better connect veterans to services and resources in their communities.

## Satellite Offices

I opened six satellite offices throughout the 12th District. If you need assistance, you can visit one of my satellite offices during the times they are open.

 @RepAdams

## Federal Grants

Billions of dollars in grants and loans are distributed by the federal government to organizations throughout the country. If your organization is interested in applying for federal funding, please contact my office. We are happy to guide you through the grants process and to provide a letter of support for your application.

Contact my Grant Director Kim Ratliff .

Kim.ratliff@mail.house.gov.

## My Next Stop? You Choose!

The 12th District is home to a vibrant community and bustling economy.

I've visited businesses that manufacture everything from medical supplies to propellers and plane engines. I've traveled on Charlotte's CATS System, and discussed the need to invest in our infrastructure alongside Department of Transportation Secretary Anthony Foxx and Vice President Joe Biden.

I am excited to see where I'll go next. Visit [www.adams.house.gov](http://www.adams.house.gov) to request a visit. I would love to be invited to your neighborhood!

*I stopped by Otis L.*

*Hairston Sr. Middle*

*School and Waldo C.*

*Faulkner Elementary in*

*Greensboro to welcome students and teachers back to school.*

*As a former educator, it meant a great deal to get back into the classroom.*

## DISTRICT EVENTS

The first months of the 114th Congress have been eventful. From hosting the official grand openings of my Greensboro and Charlotte offices, to touring various business and organizations to discuss my work in Congress on behalf of the 12th District.

Below are a few highlights from events in the District. You can visit my Facebook and Twitter Pages to learn more about my events , and you can visit [www.adams.house.gov](http://www.adams.house.gov).

- I visited Boral Composites Incorporated, a coal ash recycling plant in East Spencer. There, we discussed manufacturing as well as the importance of environmental safety and clean drinking water.

- Protecting veterans is a major priority for me. That is why I brought my entire staff to the Salisbury VA Medical Center today to learn of their programs and services and tour the facilities.

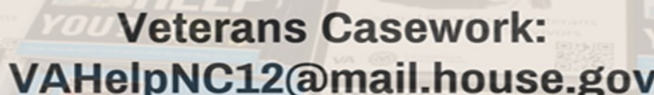

- I visited the Arc of Davidson County, Inc, where I heard self-advocates share their stories and the impact cuts to Medicaid and Social Security would have on their lives.

- I attended a town hall event in Charlotte with President Obama to discuss economic issues impacting working mothers and families.
