

### Join us for a Community Conversation!

You are a valued member of our community, and your thoughts matter.

We invite you to join us in a “kitchen table-style” conversation where you can share your aspirations and hopes for our community. Where are we now? Where do you see us going? What are the challenges to attaining our aspirations? We want to learn from your experiences and understand your concerns. You don't need to be an expert to participate; just someone who cares about your community!

We are excited to get to know you and gain deeper insight into the challenges and hopes for our community. We believe through active listening and collaboration, we will not only gain a better understanding of the issues, but with your help, be able to develop long-lasting solutions. You are an integral part of creating change and a lasting impact. Your input is invaluable to our efforts. And we will be reporting back what we've learned and how your input, along with others', will shape our future plans.

The conversations last about an hour to 90 minutes and generally include five to ten people so everyone has a chance to contribute. The information we will receive through these insightful conversations will impact our work on a daily basis.

We are interested in speaking to businesses, groups, churches, individuals, and community members in United Way of Central Carolinas' five-county area. If you are interested in holding a community conversation or participating in one, please call Barbi Jones at 704.371.6341 or email her at [bjones@uwcentralcarolinas.org](mailto:bjones@uwcentralcarolinas.org).
