Steve,

Busy, busy, busy...

So many of the people that I speak with are "Busy" but are we 'PRODUCTIVE'? It's as important that we are STRATEGIC as we are 'busy'. We may not need to be at 'every' event, just the 'right' one.

This coming week there are PLENTY of opportunities to network, build relationships and grow your business. Some meetings are at The Empowerment Center and some are with our strategic partners. It is my intention to provide you with some options and opportunities to grow your network so that you can grow your Net Worth. PS. One more thing, I want to launch my book properly on Amazon on Wednesday, June 15th. (I realize this date has been a moving target, attempting to get all the pieces to the sequence in order. Thank you for your patience and support.)

I will be sending an email out to my friends and associates soon with the specifics as all of the 'purchases' have to be done within the 24 hour period.

If you would be willing to send out a few emails, texts, tweets or FaceBook posts **on June 15th** for me I'd really appreciate it. I will be publicly offering a .99c eBook Special to get my book into as many hands as possible and up the ranks in Amazon. I'll send you everything you need and if you can help I'd greatly appreciate it!

...meanwhile, keep walking on water!
