## SAFE Coalition NC introduces Harm Free Zone concept for Charlotte

Robert Dawkins [safecoalitionnc@gmail.com]

Hi everyone,

SAFE Coalition NC has been diligently working over the past 3 months to build community support in the city of Charlotte for the formation of a Harm Free Zone. Our goal is to build safe, sustainable African American communities that are not dependent on government intervention for their success. We have retained nationally renowned race consultant Dr. David Campt to design our program and to provide program evaluation.

Here is a interview that I did today with Dr. Campt to give you an brief overview of our proposed process.

I have also attached a copy of the Harm Free Zone methodology that we will be using to stay grounded in the principles of intervention, reparation and transformation.

Over the next few weeks, I will be providing you with:

1. Updates on our program design
2. An inside look at our program through radio interviews, blog post and videos.
3. Opportunities to become involved in our Harm Free zone project.

More to come.

Thank you

Robert Dawkins
