## ***Selected!***

*The entrepreneurs who will pitch in this year's City Startup Labs' event have been selected. And here's your chance to cheer them on...*

...as this latest class will showcase their ventures before a panel of judges and *you*. The entrepreneurs with winning business ideas will move on to the program's last module, the incubation phase, along with a cash award to help jump start their enterprises.

Since 2014, [City Startup Labs](#) has been working with a select group of Charlotte black male millennials while they reimagine themselves *as a new class of entrepreneurs and innovators*. This has been our first year in affiliation with [Ventureprise](#) at the [University of North Carolina at Charlotte](#).

*We're already nearly at capacity.* So don't forget to reserve your seat, and join us for a night of new venture pitches, networking and light refreshments.
