WIE Mentoring Across Difference

Summer Lake Party on Sunday August 28, 2016.

It was a relaxing event of swimming, boating, sharing stories and a meal

together. It was definitely many 1st for one "soon to be" four year old boy. His mixed race parents from Ecuador and North Carolina encouraged him to go swimming and boating with a life vest and he had a great time. He also called the lake and ocean. I believe that he was asleep before they left the drive way
