12th District Update

Dear Friends,

I want to give you an update on the Colonial Pipeline leak. Rest assured, my office is working with Colonial Pipeline Company to bring you the latest updates. Here is what we know:

- On September 9 Colonial Pipeline Company experienced a severe leak in Line #1 in Helena, AL.
- Line #1 is the primary provider of gasoline for North Carolina and the Southeast.
- Colonial Pipeline Company has begun transporting gasoline through Line #2. This action will not completely offset the disruption in Line #1 but will keep service going.
- There is no formal timeline for when full service is expected to be restored.
- The Governor declared a State of Emergency and has issued two Executive Orders. The first Executive Order helps to prevent delays in the distribution of gasoline and fuel products. The second prohibits excessive fuel pricing. **Constituents are encouraged to report any gas gouging to the North Carolina Department of Justice.**

I will provide you and your family updates as I receive them.

Sincerely,

Congresswoman Alma S. Adams, Ph.D.
