What is Road to Hire?

Road to Hire pays participants to train for great jobs in technology and sales. Then we help you land a job in your new field.

Our mission is to promote economic mobility for motivated young adults like you, regardless of your ability to afford college.

What is a Career Open House?

This is an opportunity to learn more about the Road to Hire program and speak first hand with our program graduates. At this event, you'll have the opportunity to talk to us about your career goals and schedule an interview with our team.

Who's Invited?

Motivated high school grads (or GED holders) who are ready to get to work on building great careers for themselves.

Parents, friends and family are welcome!
