Friend,

Charlotte is a growing place that has the potential to be a world class city for generations to come.

No city is without its problems, though. We've heard the findings from the Opportunity Task Force about economic mobility. We've seen what deep seated wounds were reopened since the Keith Lamont Scott shooting and we see what Charlotte's relationship is with our General Assembly.

It is time to do something about this. I've spoken with many of our senior citizens, new families, business owners, developers, and other concerned Charlotteans about what we need next to help move Charlotte (especially its west side) forward, collectively.

I have a plan that helps put all hands on deck to gain real, sustainable results. This Thursday, with your help, we can share it with others.

Please join me this Thursday at 11am as I share a platform & vision during a big announcement and press conference that will help bring together and advance our growing community.

Announcement:

Thursday, April 6, 2017

11:00am - 11:30am

Mosaic Village - 1635 W. Trade Street, Charlotte, NC 28216

Let your voice help our city. Will you join me?
