

"Our legacy should be created based on what we do for others, not on how much money we make or how many material things we acquire. We will never know the impact of the ripple effect of our actions and obedience if we sit on the sidelines as spectators."

- Manny Ohonme, Founder & President of Samaritan's Feet

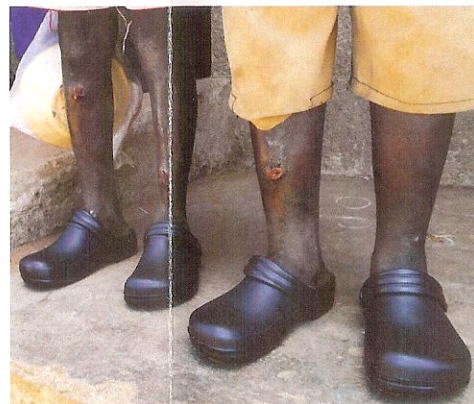

OUR STORY

Over 30 years ago, a nine-year-old Nigerian boy, Manny Ohonme, received his first pair of shoes from an American "Good Samaritan." That new pair of shoes became a symbol of hope to Manny and changed his life: he began playing basketball, earned a sports scholarship to a U.S. college, and began a successful career. To continue the legacy of love he received through the gift of new shoes, Manny and his wife Tracie created Samaritan's Feet in 2003 hoping to inspire others around the world.

OUR MISSION

Samaritan's Feet shares hope with children in the U.S. and around the world by washing their feet, giving them a new pair of shoes, and helping them believe that their dreams can come true. We at Samaritan's Feet believe that a new pair of shoes can be a tangible foundation of hope to a person in need.

Our programs wouldn't be possible if it weren't for generous donors and volunteers who give to make other children smile. Each year, we have to turn away several communities asking us to come serve their children due to lack of funds. Would you join us in making these special events possible across the world?
