If you read the 10 year anniversary information on Genesis Project, it stated that Genesis has developed a Transitional Housing Program. This program is taking families from a terrible living situation into something better than they have and have had for some years. This will be totally empty new and clean living arrangement. These families, because of their current living conditions, will have to walk away with none of this personal, furniture or home items. They will walk away with nothing.

Genesis is seeking donations of the items listed below. We have at least 17 to 20 families that are in need of everything for their households including clothes that is not listed. Please spread the word to friends, family, communities and churches that may be interested in helping these families. Items can be brought to our office at any time.

Genesis Project does have a 501C3 to write receipts for tax deductions on any donation, money or material items

Thank for any and all assistance,  
Genesis Project
