

RE: Vendor Booth Registration

July 18th, 2017

Dear Neighbor,

Hidden Valley Community Association (HVCA) is honored to be hosting our 14th annual *National Night Out*, a community improvement event that strengthens neighborhood spirit and comradery within our community, and between the community and local law enforcement.

At this free public event residents, businesses, and community organizations from the Sugar Creek & Hidden Valley Communities, along with local community stakeholders come together to increase sociocultural awareness as it relates to the services provided by Mecklenburg County's criminal justice office, and other human and social services organizations, plus we celebrate our neighborhood spirit by enjoying music, food, and recreation! Vendors and those who attend this community-wide event always enjoy positive interactive experiences and information sharing; in fact, last year's event drew an estimated attendance of 350+ppl and we anticipate 450+ppl at this year's event. However, **the success of this program is only made possible if we receive timely support and participation from socially responsible organizations and individuals such as yourself!**

With this in mind, we're humbly inviting you to participate as a vendor, and we enthusiastically look forward to your engaging our community. Please confirm your registration by replying to the event's vendor booth registration info listed below. **Thanking you in advance for your kind consideration and timely reply!**

For more information regarding booth registration, setup details, and answers to FAQ - Please contact:
