

CMS Foundation Alumni Sharing Project

The CMS Foundation is the official nonprofit fundraising partner for Charlotte-Mecklenburg Schools. We're developing what we call a culture of "schoolanthropy." It's more than just philanthropy, it's a spirit of support for our public schools.

To highlight and celebrate the impact of educators in our community, we are inviting CMS alumni to share memories of their favorite teachers or what they most appreciated about their school experience. Select stories will be highlighted through an interactive audio-visual experience at our inaugural *Schoolanthropy Luncheon* September 29th at the Mint Museum Uptown at Levine Center for the Arts, as well as through other avenues to build support for public education.
