Eclipse our housing problem

Friends,

Over the course of this campaign, one issue has resonated more than any other - **[MIXED INCOME AND AFFORDABLE HOUSING](#)**. We don't need special glasses to see that we need to eclipse our housing problem.

Solving this is a priority for me now and will continue to be when elected. The Charlotte Observer just released [an article](#) on why developers aren't building more affordable and low income units.

[Do you want a councilmember who is solution-driven?](#) I hope so.

Here is a solution: raise the biennial bond allocation for the Housing Trust Fund to at least \$50 million dollars and invest in more workforce training in construction to reduce the worker shortage leading to rising labor costs. I will fight for this but I need your help to do it. Let's work together to put roofs over everyone's head.
