Call Congress next Wednesday

One week from today, on November 8, CCL volunteers across the country will call their representatives in Congress and urge them to take climate action. Will you join them?

A large volume of calls will reveal a big appetite for Carbon Fee and Dividend in each representative's home district or state. When our volunteers arrive to lobby on November 14 for Congressional Education Day, these calls will help make their meetings even more productive.

[Sign up for a text reminder](#) and [join and share this Facebook event](#) about the call-in day. You can also head to the action page below to see a sample script for your call.

CCL offers Spanish website, resources

A recent national survey conducted by the Yale Program on Climate Change Communications revealed that 82% of Spanish-speaking Latinos in America are “very worried” or “somewhat worried” about climate change.

To respond to this alarmed population and help them channel that concern into action, CCL has launched a Spanish language website. Visit the site at climavivible.org to learn about Carbon Fee and Dividend, the REMI study, CCL’s values and much more—all in Spanish!

[SEE THE SPANISH SITE](#)

If you’re interested in supporting CCL’s Spanish language efforts and outreach, join the [Spanish Language Action Team](#).

CCL Canada 2017 national conference success

From October 21 to October 24, CCL Canada held their fourth annual conference and lobbying days. “It was four days full of firsts and mosts,” said Cathy Orlando, the National Director of CCL Canada.

“We had the most number of face-to-face meetings: 44 in one lobbying blitz,” she said, and they had 49 meetings in all. Fifty-one CCL volunteers lobbied in those meetings, and in total, 65 people attended the conference.

“It was the first time we had a constituent from a Canadian territory lobby with us,” Cathy said. That citizen lobbyist, Michael, joined in from the Territory of Nunavut in Canada’s Arctic. “It was also the first time ever where all three political parties had MPs at one of our events, which was the breakfast with the Standing Committee on Natural Resources.”

Catch up on more from CCL Canada’s conference by watching their YouTube videos from the weekend.

Retired Air Force vet will speak on Nov. call

Our November monthly call is on Veterans Day this year. Our speaker will be retired [Major General Rick Devereaux](#), center in the photo above, who served 34 years in the U.S. Air Force.

This call provides an opportunity to honor and connect with the veterans in your chapter and your community. You could also invite the veterans on your chapter's email list to submit questions to retired Maj. Gen. Devereaux before the call. There are probably veterans on your chapter roster who are not active in CCL, and this could be a good time to engage them.

You might also consider connecting with friends and family who are veterans and reaching out to your veterans group contacts (VFW, American Legion, etc) who are familiar with CCL to extend an invitation to your November chapter meeting.

Our November 11 call begins at 1 p.m. ET / 10 a.m. PT. Join from Zoom by clicking below.
