

Meeting for Minority and Small Business Enterprise (MSBE) subcontractors to network with Holder-Edison Foard-Leeper, A Joint Venture, TRS&I staff, prime contractors and the Charlotte Airport.

CHARLOTTE — Holder-Edison Foard-Leeper, A Joint Venture & TRS&I is hosting an outreach and project information session for Minority and Small Business Enterprise subcontractors interested in The Charlotte Terminal Lobby Expansion Project.

The construction project proposes to expand to the North of the present terminal lobby at the Charlotte Douglas International Airport. The expansion will generate additional space for security lanes, ticketing, and baggage claim areas, as well as increased circulation space in the lobby. The additional capacity is needed to deliver a higher level of service within the airport, providing relief from present and future congestion. In addition to the expansion, a canopy will be added over the new 8 lane elevated roadway in front of the terminal lobby. For more project details please visit www.heflconstruction.com

The City of Charlotte along with the Department of Administration's HUB office will be onsite to offer MSWBE certification support for interested/qualified Firms.

The outreach meeting will be held 4 - 7 p.m. Tuesday, December 12, 2017 at the Charlotte Douglas International Airport - CLT Piper Center, 5601 Wilkinson Blvd in Charlotte.

As part of Holder-Edison Foard-Leeper, A Joint Venture and TRS&I's commitment to the economic development of the MSBE community, a target MSBE Goal will be established and implemented on the project. MSBE subcontractors will have the opportunity to network with Holder-Edison Foard-Leeper, A Joint Venture, TRS&I Staff, the City of Charlotte, Charlotte Douglas International Airport, DOA HUB Office personnel, and prime contractors.

TRS&I has more information for interested businesses. For more information on this meeting, please contact TRS&I, Rachelle Latimer at (704) 548-5370 or at rlatimer@trsigroup.com.
