CSS Veterans Services, LUESA Receive 2017 'Excellence in Innovation' Award

As you know, [Community Support Services \(CSS\) Veterans Services](#) and the [Land Use & Environmental Services Agency \(LUESA\)](#) received the Local Government Federal Credit Union's (LGFCU) 2017 Excellence in Innovation Award at their annual meeting.

As partners in the effort, CSS Veterans Services and LUESA are being recognized for the County's Building With Our Veterans program which, in collaboration with Central Piedmont Community College (CPCC), recruits, trains and hires veterans with construction industry experience. This is a great honor.

Completion of the program typically takes a year, from January to December. Participants complete the program as a cohort, concurrently taking classes at CPCC and field training courses. They are paired with experienced County code officials, many of whom are veterans, for the field training portion.

At the completion of the program, participants are eligible to take the state code official exam and apply for full-time employment with Mecklenburg County Code Enforcement. To the best of our knowledge, Building With Our Veterans is the only program of its kind in the nation.

The Local Government Federal Credit Union's 2017 Excellence in Innovation Award recognizes County employees who develop successful programs that help counties improve services to citizens.

For more information, contact CSS Director Stacy Lowry at 980-314-8903 or Stacy.Lowry@MecklenburgCountyNC.gov.
