For-Profits May Now Apply for the Mini Grant!

We have opened up the opportunity for for-profit organizations to apply for the mini grant! For-profits that apply must provide free services to middle school students with this funding.

We are requesting proposals for our Mini Grant funding path to support the quality and growth of Out-of-School Time programs serving middle school students attending a Charlotte Mecklenburg Schools (CMS) middle school. The Mini Grant path is designed to help current and emerging Out-of-School Time providers test innovative ideas within their programs. A total of \$30,000 of funds will be made available through individual grants to non-profit and for-profit organizations of up to \$3,000.

Please read the [guidelines](#) to find out more information about the requirements prior to applying.
