Niner University Elementary will develop lifelong learners and responsible, caring citizens through authentic and meaningful curriculum enacted through research-validated practices. Niner University Elementary is a public school developed, supported and operated by top education experts at UNC Charlotte. The program is intended to support students from high needs, low-performing schools and improve educational outcomes while employing research-based teaching methods.

ABOUT

- One of nine elementary schools operated by North Carolina universities in response to a 2016 budget provision by the General Assembly aimed at improving student performance.
- Opens in 2019-20 to K-2 students, then adds a grade each year through 5th grade with a final capacity of 300 students
- Located in a renovated wing on campus of James Martin Middle School at 6301 University Point Blvd.
- First come, first serve admissions
