Vision Beyond the Eyes Incorporated believes it is our civil, humane duty to provide services to the members of our community in crisis with compassion while nurturing and coaching them back to self sufficiency.

RESPECT Treating others with dignity and respect. Honor and promote the work of all human life. Honor and support each person spirituality.

ACCOUNTABILITY Holding each person responsible and accountable for their own actions.

INTEGRITY Being professional at all times and displaying excellent character.

SOCIAL JUSTICE Advocate for policies that will support economic growth. Cultivate open and fair decision making based on valid information.

OUR MISSION is to provide a structured facility that teaches skill training, provides employment opportunities, education and credit counseling & repair programs to the displaced and homeless population.

OUR VISION is to be a leading partner with local officials, policymakers, nonprofit organizations, school systems and local businesses to break the cycle of homelessness. Our ultimate goal is to give each person who enters our facility the opportunity to transition into affordable housing.

"I can honestly say I'm so thankful for Vision Beyond the Eyes organization for having this GED program available for me and for people who TRULY been looking for something like this. The amount of excitement and eagerness to be attending this program can not be described in words. I'm that ready and excited about it. I want to give a special thanks to all of you who thought of this organization and put it together and organized this. It's really helpful and I appreciate you guys or women thank you much."
