Steve -

Since you're one of our best supporters, I wanted to share some exciting numbers about the strength of the movement we're building together.

Here are some stats from our first quarter:

- Over 25,000 people made more than 35,000 donations.
- We brought in over \$1.6 million in our first quarter.
- **We took \$0 from corporate PACs.** (This is a people-powered campaign!)

I'm really proud of these stats, and I hope you are too. I'm proud of our grassroots team. But we've got a long fight ahead.

We know special interests are likely to spend millions against us. One national group is already investing more than \$1 million for one of our opponents, and we can't let them buy this seat.

[Will you help us fight back by making your first contribution to our campaign? Chip in \\$3 right now to make sure we're ready for whatever attacks they throw our way.](#)

Thank you for being part of this team. We can flip this seat, but only if we're in this together.

Yours in this fight,

Dan
