### [NC-09 Update] New poll

Steve -

A new poll about the Republican primary was just released, and it shows Dan Bishop leading by a wide margin (enough to avoid a runoff).

The Associated Press has called him the architect of HB2, the controversial "bathroom bill" that was widely viewed as discriminatory against LGBTQ people, costing North Carolina billions of dollars and damaging our national reputation.

Dan Bishop is an extremist whose views have no place in Congress. Even when public opinion was clearly against HB2, he doubled down. In response to an email calling HB2's opponents the "Politically Correct Taliban," he said, "Love that."

He is not fit to represent us in Congress, but special interests and DC insiders are already backing him and spending on his behalf.

We need to stop him:

[\*\*Make a \\$3 donation right now to help us prepare before next week's Republican primary. Bishop is already on the air attacking Dan directly, and we need to fight back.\*\*](#)

Thank you in advance for chipping in. Together, we can win this race and make sure Dan Bishop can't push his extremist far-right agenda in Washington.
