ULCC has partnered with U.S. Bank to launch a Summer Banking Institute (SBI) in June that will expose rising high school seniors to non-traditional roles in the banking industry. This intense curriculum will be facilitated by U.S. Bank management executives through a mentor/protegee program. U.S. Bank will fund student salaries, transportation and program costs for this 8-week educational program.

Interested rising high school seniors can apply before May 30 by contacting Deidra Sheppard-Calloway at 704-373-2256, ext. 213 or Deidra.Sheppard-Calloway@UrbanLeaguecc.org.

It's official! ULCC will launch a medical coding & billing training and certification program in the fall to address the shortage of medical coders locally and nationally. This program will provide healthcare offices with highly skilled coders and billers who are capable of navigating various insurance reimbursement requirements. The average salary for a career in this field will provide a significant living wage for the clients that ULCC serves.
