Steve -

It's been a month since the Republican primary. That's when we found out we'd be up against State Senator Dan Bishop, the architect of North Carolina's infamous bathroom bill known as HB2.

In the time since he's been the nominee, he's refused to answer reporters' and voters' questions about HB2.

The people deserve answers. Does he regret pushing the discriminatory legislation that cost North Carolina billions of dollars, or does he still support the bill?

One has to think he's dodging these questions because he knows he'd pass the bill again today if he had the chance. After all, he was the only state senator to speak on the floor in defense of HB2 when the legislature voted to overturn it.

State Senator Bishop is out of step with North Carolina values, and it is our job to stop him.

We cannot let Dan Bishop take his extreme far-right agenda to Congress. Thank you for standing with us in this fight.
