Our opponent backs Big Pharma, and now Big Pharma dollars are coming in big for him

Steve -

Our opponent has been a strong supporter of Big Pharma, and now Big Pharma dollars are coming in big for him.

The far-right, Big Pharma-funded Congressional Leadership Fund just announced that they'd spend \$1.2 million against our campaign.

Election Day is quickly approaching, and we need your help to stop them.

[Will you make a \\$3 donation to our special election right now? We cannot let them drown out our voices with special interest money.](#)

Our opponent was the only person from either party to vote with big pharmaceutical companies against a bill that would lower drug costs for North Carolina families.

The Big Pharma lobby knows that Dan will stand up to them. He put out a common-sense plan to lower the outrageous costs of prescription drugs, and now, they've gone all-in against him.

The polls have us tied right now, so these special interest-funded groups are trying to spend and say whatever it takes to stop our momentum in the final 38 days. With you beside us, we won't let them.

[Make a \\$3 donation today to help us flip this district. We need our grassroots team with us to fight back against the special interest attacks.](#)

It's critical that every voter in the 9th District hears about our opponent's terrible record on prescription drugs, and your support will make sure we have the resources to do it.

Thank you in advance!
