Help us fight the false attacks

Steve -

The Republican special interests are already on the air attacking Dan, and the ads are full of lies.

That's not just us saying that either. The News & Observer did a fact check and called their ad "misleading" and "mostly false."

We cannot let these false attacks go unanswered.

Getting called out like this won't stop these far-right groups. These false ads will keep running because they're willing to do and say whatever it takes to win.

They've already pledged to spend at least \$4 million against us, so this is just the start.

Look, we don't have to outspend them, but we do have to make sure voters hear our message too.

[**Can you make a \\$3 donation to our campaign today to help us fight back? We'll put it to work immediately making sure voters in the 9th District hear our message.**](#)

Time is running out in this race, so thank you in advance for doing all you can to help flip this district.
