Our race is being watched as a sign of what's to come in 2020

National Republicans are getting desperate, Steve. They know the polls are tied, and that we have a real chance of flipping this district.

Just take a look at the Politico headline:

POLITICO

ELECTIONS

Trump, GOP fret loss in bellwether House special election

They're terrified that Dan could win this historically red district. They're watching this race as a sign of what's to come in 2020.

That's why far-right Super PACs are dumping millions into our district. They know their only chance of winning is to try to drown out our message.

We cannot afford to let that happen.

[Will you rush a \\$3 donation to our special election campaign? Dan needs our help to fight back. Your support will ensure that we have what it takes to compete with their outside spending.](#)

DONATE

Look, people are already voting early, so we cannot wait until Election Day. It's important that we turn out voters right now.

Thanks for being a part of this team. Together, we can win this race and prove that Dan Bishop's extreme agenda has no place in Congress.

- Team McCready

P.S.

Here's how Politico described the situation: "Republicans are funneling resources into the southern North Carolina district as they try to stave off an embarrassing loss in a GOP-heavy seat that President Donald Trump won in 2016 by more than 11 percentage points."

If you stick with us in this fight, we are going to win. [Chip in \\$3 right now to help us get across the finish line.](#)
