YOUR CITY. YOUR PLAN. YOUR FUTURE.

What is the 2040 Comprehensive Plan?

Charlotte is developing a long-range plan to guide future growth and development. It will address topics that affect how people experience the built environment, around topics like equity, transportation, quality of life, economic development, affordable housing, health and safety.

What is next?

Charlotte has been growing for over a century, and current estimates project an additional 400,000 people moving to the city over the next 20 years. Phase 2 focuses on developing a growth scenario to make sure all of our communities are growing and evolving in an equitable way.
