Rep. Adams' Statement on the Impeachment of the President of the United States

Washington, DC — *Congresswoman Alma S. Adams, Ph.D. (NC-12), released the following statement on today's vote by the House of Representatives to impeach President Donald John Trump.*

"After reviewing hours of testimony, countless pieces of evidence, and the Administration's own words and actions, I believe the case has been made that the President abused his power and obstructed Congress from fulfilling its constitutional duty. As such, I will support both articles of impeachment today on the House floor", **said Congresswoman Adams.**

"The evidence shows that the President put his interests above those of the country. We must act quickly because President Trump's behavior poses a clear and present danger to our democracy. His words and actions show that he is actively looking to interfere in next year's election by any means necessary. We cannot stand for that kind of misconduct in our country's Chief Executive."
