PEACE. On yesterday, Governor Roy Cooper signed [Executive Order 121](#), ordering North Carolinians to remain in their homes except for performing essential work and essential activities such as taking care of others, obtaining necessary supplies, and for health and safety purposes.

This Stay at Home Order will help slow the spread of COVID-19 and prevent the medical system from being overwhelmed by keeping individuals from being exposed to the virus and keeping those who have the virus from spreading it to others.

Below are frequently asked questions and answers. In addition, individuals should check with local governments to determine whether additional restrictions have been imposed in their local jurisdictions to limit the spread of COVID-19. Please note that Executive Order 121 modifies some sections of previous Executive Orders, but sections not modified are still in effect.

This information is subject to change in light of new CDC guidance and additional Executive Orders or local government declarations.

This Order permits the following businesses to remain open:

- Restaurants that provide take-out, drive-thru or delivery
- Grocery stores
- ABC stores and beer and wine stores

How DMV Services Are Affected By COVID-19

Extension of expiration dates

The DMV does not have the authority to extend deadlines such as for driver licenses, vehicle inspections and registrations, mechanics and dealer licenses, etc. The Division only has the authority to waive the DMV fees and fines associated with them. The authority to extend deadlines would require a statutory change and would have to be done by the General Assembly.

Driver license offices

DMV has closed driver license offices with smaller numbers of staff members. Many of these offices are small in size, and this precaution is an effort to allow staff and citizens to social distance. Employees assigned to these smaller offices were temporarily reassigned to nearby larger offices to help serve customers more quickly at those offices. As COVID-19 began to spread across the state, the division was forced to close offices where staff were being tested for the virus, or where staff shortages had rendered the office inefficient. While DMV is still experiencing daily fluctuations in staffing levels, we are working hard to maintain an up-to-the-minute listing of closings on our website (link to this). Open offices are accepting customers by appointment only to prevent crowds waiting for services.

Delays in vehicle titling and registration, other services

The pandemic is also affecting the back-office functions of the division such as title processing, registration renewal, and dealer services performed at headquarters. DMV was already experiencing a high vacancy rate, largely caused by the pending move to Rocky Mount. The pandemic has exacerbated existing staff shortages, preventing many of these functions from being performed in a timely manner.”
