CYNTHIA WALLACE
FOR CONGRESS

We know this is a difficult time for everyone. The first priorities of Cynthia and all of her campaign staff right now are your health, safety, and well-being. Please only donate if you can afford to do so!

Steve, did you see our message on Tuesday about the critical differences between Cynthia and her opponent when it comes to healthcare?

As someone who lives in District 9, I'd like to see a representative that stands for the issues I care about and see the clear choice we have in November between someone who will fight for quality, affordable healthcare, and someone who won't.

It's really important to show the voters the clear choice they have in November. We need to have the resources to get Cynthia's message out, and we are still \$1,987 short on our end of month fundraising goal!

[Grassroots supporters like you are critical to making up the difference. Can you pitch in \\$25 or \\$50 to help us close the gap?](#)

Thanks!

Hello Steve,

Dan Bishop is out of step with North Carolina. He opposed expanding Medicaid in North Carolina when he was in the General Assembly. He wants a full repeal of the Affordable Care Act (ACA) -- kicking twenty million Americans off their plans. And he voted against the Elijah E. Cummings Lower Drug Costs Now Act, a bill that would allow Medicare to negotiate drug costs and help millions of Americans afford medication.

[Help us give NC-09 the leadership it deserves. Chip in today to help Cynthia meet her end-of-month goal -- we need to raise \\$3,019 more to get our message out and expose Bishop's record.](#)

If you've saved your payment information with ActBlue Express, your donation will go through immediately:

It doesn't have to be this way for NC-09. We can have a representative who believes in strengthening the ACA so that all Americans have access to healthcare, who advocates for our state by championing the expansion of Medicaid, and who isn't afraid to take on the pharmaceutical companies to ensure that prescription drugs are affordable.

Cynthia will be the representative we need on healthcare. And we need to lift her voice up between now and Election Day. That means hitting our critical fundraising goals so that we have the resources to promote our online communications, run TV ads, and grow our team.

[The next step to getting Cynthia elected is making our May goal in just five days. Can we count on your support?](#)

Thank you,

Team Wallace
