Steve,

We were shocked and horrified at the recent headlines surrounding our troops as bounty targets in Afghanistan. But what has been most outrageous is the silence from Republicans over these assaults.

We've seen this routine before: Trump plays ignorant, and his GOP buddies follow suit. But this isn't just a political blunder, this is lives lost that our Commander in Chief should be defending.

Dan Bishop and his fellow Republicans' silence is deafening. He's happy to look the other way from national security threats for the sake of staying cozy with Trump. Many members of my family and families in NC-09 have a proud history of service to this country, and to not say *one word* against these attacks is disgusting.

We desperately need a new leader who puts compassion for others first every single time. But if we're going to take on Dan Bishop and the GOP money machine that tries to do anything to stop our campaign, we need your help right now.

Our campaign is backed by grassroots supporters like you -- folks who are able to chip in \$25, \$10, \$5 or more whenever they can. And we can't think of a better way to send a message to Dan Bishop and his special interest friends than through grassroots dollars.

[Chip in \\$25 or more today to make our message loud and clear: Silence in the face of foreign threats is not tolerated in North Carolina.](#)

Thanks for your help,

Cynthia
