Bad for our economy, bad for our health

Steve,

Dan Bishop is doing more harm than good.

Last week, Dan Bishop signed a letter asking Trump to veto an extension to the supplemental unemployment insurance enacted through the CARES Act of 2020. As COVID-19 cases in NC-09 continue to rise and our state is staying in Phase 2 for another three weeks, Bishop is urging all small businesses to reopen.

He has no clue what reopening all businesses too soon could mean for our economy or our health. Cynthia has said many times that after having more than 25 years in financial services risk management, and living through various economic cycles, she knows that our economy is tied to our health and safety. And trying to make our state open faster than it can handle safely puts everyone's life on the line. North Carolinians are tired of a Congressman who gambles with our health for the sake of looking good in front of Trump.

Enough is enough, we *need* Cynthia in Congress so North Carolinians can have rational and empathetic leadership -- and she cannot get to DC without your help. Tonight marks the midway point of the month and we're still \$612 away from hitting our goal. We only need 25 people to step up right now and donate \$25 or more to meet it. Can Cynthia count on you?

[Chip in \\$25 or more so we can close our \\$612 funding gap ahead of our mid-month benchmark.](#)
