COVID Update: Uninsured Rates are Skyrocketing:

NC-09 needs a leader who will fight to expand our health care coverage.

Steve,

There is nothing I hate to see more than headlines like these:

AXIOS

Study: 5.4 million Americans lost health insurance this year.

A new report by nonpartisan group Families USA estimates that over five million Americans have lost their health insurance as unemployment rates skyrocketed. And an estimated 20% of adult North Carolinians were without health insurance in May.

The dangers of having millions uninsured during a pandemic are too great. If those without coverage get sick, they risk a heavy financial burden for treatment, and that's only if they choose to show up to the hospital at all. As COVID-19 cases are continuing to surge in the United States, this is the worst time to not have coverage.

As a risk management and financial services expert, I don't like how these numbers look. This COVID-19-driven unemployment partially driven by inaction by our federal government and the uninsured spike is a detrimental threat to our economy and our health. **I'm running for Congress to strengthen access to affordable healthcare. Increased access and the expansion of Medicaid in NC will help more people stay safe and healthy in these unprecedented times.**

[Will you join me in this fight and chip in \\$50, \\$25, \\$10 or more today? I'm ready to fight for affordable healthcare in Congress, but I can't get there without your help right now.](#)

Here's why I need your help right now: I'm running against healthcare extremist Dan Bishop. He opposed expanding Medicaid in North Carolina when he was in the General Assembly. He wants a full repeal of the Affordable Care Act (ACA) -- kicking twenty million Americans off their plans. And he voted against the Elijah E. Cummings Lower Drug Costs Now Act, a bill that would allow Medicare to negotiate drug costs and help millions of Americans afford medication.

It doesn't have to be this way for NC-09. It's time that our district has the representation it deserves that will lift up our community out of these crises instead of actively putting them in harm's way.

[Help me bring rational and compassionate leadership to NC-09 and chip in \\$25 or more today.](#)

Thank you,

Cynthia
