Stop Dan Bishop: We have until midnight tonight

Steve,

Dan Bishop is counting on North Carolinians having a short-term memory.

We won't forget his recent media tirade over the RNC's cancellation in Jacksonville. In the midst of his public tantrum, he accused Roy Cooper of losing millions after informing the RNC they couldn't fully host their convention in Charlotte. It's clear North Carolinians overwhelming support making our public health a priority.

With COVID-19 cases increasing across the region, Gov. Cooper is putting North Carolinians' health and safety above partisan politics, because losing lives is a price he's not willing to pay.

Dan Bishop is more concerned with scoring political points than protecting his constituents. This is just further proof that we need a leader who puts people above partisan talking-points.

[Cynthia is ready to be that leader for North Carolina, but she needs your help right now. Tonight is our end-of-month deadline, and we are still \\$743 short of our goal. Coming in close is not an option when we know Dan Bishop will be tapping his dark-money friends to try to stop us. Pitch in \\$25 or more today to help close our funding gap.](#)
