CYNTHIA

WALLACE

FOR CONGRESS

Steve,

This election year is like none other.

Everything is on the line when you cast your ballot. From access to healthcare to pay and social equity, how we as a nation move forward will be decided with how we vote, whether we decide to vote or not, and who we elect. It's an election year where Congress can look more like the women who make up the backbone of the Democratic party.

But we can only make this possible if we make sure we get out and vote. **Are you making sure that your voice will be heard this November? [Pledge to vote today to show that folks in NC-09 are fired up to flip this seat.](#)**

PLEDGE TO VOTE

It's sadly no surprise that North Carolina Republicans continue to put up roadblocks to free and fair elections. In recent years, they've passed harsh voter ID laws and redrawn state legislative and Congressional districts in ways blatantly designed to disenfranchise communities of color. **All of us here in North Carolina's 9th Congressional District witnessed a disgusting assault on our democracy in 2018 when a Republican scheme to steal and manipulate absentee ballots was revealed. Cynthia led 9th District Democrats to rally for a fair election which helped to force a new special election to be called in 2019.**

In the face of continued Republican efforts to restrict voting, it's going to be up to us to get out there and make sure that we don't fall for their scare tactics and disinformation, and VOTE.

[Take the pledge to vote today and make sure that our voices are heard in November.](#)

Thank you for taking a stand with me,

Cynthia
