Steve, I'll get right to it: Dan Bishop is a healthcare extremist, and we have 67 days left to fire him from Congress, flip this seat blue, and make history in the 9th District.

[But before I tell you how we're going to make all of that possible, will you help us meet our end-of-month goal by chipping in \\$20 today?](#)

Dan Bishop is a healthcare extremist. But you knew that already.

Dan Bishop has supported efforts to kick millions off their insurance. And he actively opposes Medicaid expansion here in North Carolina. But you knew that already.

He's accepted over \$50,000 in campaign contributions from the insurance industry, which explains why he's attacked the Affordable Care Act during the pandemic to cut benefits for those with preexisting conditions. You probably knew that already, too.

But we have a plan to show Dan Bishop the door. My team and I have charted out the next 67 days of this campaign to make sure the voters know how I'll put an end to Bishop's bad record in Congress so that we win in November. [And that plan requires that we raise \\$2,490 by the end of the month. Can you help us hit that goal?](#)

Every dollar we raise is a testament both to our team's hard work and our district's dislike for our so-called representative in Congress.

Thank you,

Cynthia
