Please Spread Far and Wide!!

Fellow Voter Suppression Fighters!

Time is winding down before we embark on the most important election of our lifetime! Tactics to undermine fair elections for November 3, must be met head on with a coordinated response equal to the challenge, particularly in states that have history of voter suppression, one of which is our very own North Carolina.

AMP America has partnered with Center for Common Ground's Reclaim Our Vote to host this critical webinar to enable as many individuals as possible to learn about tools that can help in combatting targeted voter suppression. We are excited to be joined by our co-sponsors: *Poor People's Campaign: A National Call for Moral Revival*, *NC NAACP*, *CJJ (Carolina Jews for Justice)*, *ID9 (NC Indivisible District 9)* and *Unitarian Universalist Justice Ministry of North Carolina*.

Our featured speaker, a dynamic leader in the field, **ANDREA MILLER**, is Director of Reclaim Our Vote; voting rights/women's rights/climate activist; and Founding Board Member of Virginia based Center for Common Ground. She is also Executive Director of PDA (People Demanding Action).

Are you ready to make a difference? Join us in fighting voter suppression efforts!

The most important election of our lifetime is less than two months away and our voting rights are being violated. Postal slowdowns, voter purging, gerrymandering, along with out right misinformation and voter intimidation, are endangering our democracy.

As part of their "Reclaim Our Vote" campaign, the non-partisan Center for Common Ground has developed an arsenal of turnkey tactics and strategies, including sophisticated on-line tools, that have successfully increased voter participation and impact in targeted voter suppression states, including our own state of North Carolina.

Learn what **you** can do to ensure all eligible NC voters are registered, empowered and mobilized to vote in the crucial 2020 elections.
